Formally defined, the principles of  
management are the activities that "plan,  
organize, and control the operations of the  
basic elements of [people], materials,  
machines, methods, money and markets,  
providing direction and coordination, and  
giving leadership to human efforts, so as  
to achieve the sought objectives of the  
enterprise." 2 For this reason, principles of  
management are often discussed or learned  
using a framework called P-O-L-C, which
